

## Level 2 Licence Issuing

*Communication to All Clubs*

As a CAMS Affiliated Club, CAMS has authorised you to issue temporary Level 2 Speed and Non Speed Licences to your members whilst their formal application is being processed, subject to the requirements set out on the application forms.

An important consideration in any Licence application is the safety and well-being of all participants in Motor Sport and for this reason, our Licence process includes a critical medical statement which must be taken into consideration when an application is filled out.

We have been advised by one of our highly valued clubs that some ambiguity exists regarding the issuing of a CAMS Level 2 Licence. Please let there be no misunderstanding on the importance of checking the health statement included on page 3 of the Level 2 licence form application prior to issuing any temporary licence to your members.

If a potential new club member purchases a club membership and then wishes to purchase a CAMS Level 2 Licence, they must complete all parts of the forms, which includes a Health Statement. If a member indicates that they suffer from any one of six following medical conditions, the competitor *must not* be issued a licence on spot and instead should be referred to their doctor to get a letter of clearance for their condition prior to being able to gain a competitive licence. The medical conditions are:

- Diabetes
- Heart Disease/Chest Pain
- Epilepsy
- Fits/Fainting/Dizziness
- Anxiety/Depression and other mental conditions
- Headaches /Migraine/ Head Injury

Once CAMS has received the application form along with the medical clearance letter, it will be then reviewed by our medical experts and approval given to issue the licence or not.

We have updated the Level 2 Licence application form to more clearly state the above - please take the time to ensure that all Club Officers are aware of this process when issuing licences.

If you require further clarification on this particular matter, please do not hesitate to contact the CAMS Customer Service Hotline on **1300 883 959**.

## Health Statement

CAMS has made changes to the Medical Evaluation Process to ensure the safest possible driving conditions for all competitors, officials and spectators. Please complete the following section carefully and accurately.
